S.V. INCORPORATION PETITION STOPPED

Death takes famous SV author
H. BILLY MILLER

National Writer Dies In S.V.

By BETTY SEYMOUR

H. Billy Miller, 41, 3460 Diversion Drive, Spring Valley, a popular writer of mysteries and novels, died suddenly at his office in La Mesa on Monday morning of a heart attack. The last rites will be said for him Friday, Aug. 26, at 9:30 a.m. at the Lewis Colonial Mortuary Chapel. Rev. Keith Mitchell of the Trinity Presbyterian Church in Spring Valley will officiate.

Surviving Mr. Miller is his widow Enid, a daughter Lloyd, 13, and a son Mark, 9. His grandmother Mrs. Margaret Wehrly, 4520 Highland St., San Diego, his parents Mr. and Mrs. Robert E. Miller of San Diego and a brother Robert E. Miller Jr., San Diego.

Mr. Miller was a native of Indiana, but came here with his parents in 1930. His schooling here brought him in contact with a lad about his own age, Robert Wade. Both the boys were interested in writing and soon were collaborating in writing the plays for the English classes at the Woodrow Wilson Jr. High School in San Diego. To quote Mr. Wade, "We wrote all the way through Woodrow Wilson, Hoover High and State College, and have been collaborating in the writing novels and mystery stories for the past 30 years."

WROTE DURING WAR
Even during World War II, when we were both in the service, we continued to collaborate, and although we were in different outfits, we would write our side of a story and then mail to each other for the fitting together. After we got out of the service we published the novel "Deadly Weapon," which was a best seller. We wrote under two pseudonyms, Wade Miller and Whit Masterson and have written 33 books. We started the mysteries in our school days and then graduated into the field of novels.

We recently sold a novel to the new Dick Powell Show for production this fall and last week we had accepted a deal for the movie production of one of our novels which came out four years ago, "A Shadow in the Wild," under the Masterson pseudonym. Another book which came out the first of this year was "Girl from Midnight," "Evil Come, Evil Go" was chosen by the Readers Digest recently for its condensed book; "Killers Choice," is another one.

We also wrote scripts for the radio and television and Alfred Hitchcock. Some of our mysteries were "Mad Baxter," "South of the Sun," "Sinner Take All," "Stolen Woman" which has been republished.

"Devil May Care," "Branded Woman" and "The Killer," are a few of those we turned out. It was a wonderful partnership, in that each of us while collaborating with the other, nevertheless preserved our individuality, which we deliberately endeavored to do, looking toward such a denouement such as we knew must inevitably come."

Woman Swallows 36 Pills In L.G. Cafe

SAN DIEGO (CNS)—A possible suicide attempt by a woman at a Lemon Grove cafe was reported to the Sheriff's department Monday evening.

According to a report by sheriff's deputies, Margie Lee Biswell, 37, of San Diego, was at Pal's Cafe, 3521 Imperial ave., when she told her escort, Delwood Westfall, that she wanted to relax and sleep. She subsequently went into the restroom with a bottle of tranquilizers and emerged telling him that she had taken the entire bottle, it was stated. The bottle held approximately 36 pills, the sheriff's report states.

Dr. David J. Evenson, the physician who prescribed the pills, was contacted and stated that an overdose could be serious. Sheriff's deputies took the victim to Grossmont Hospital to have her stomach pumped. She was released to Dr. Antonio Monti for treatment there.

Bike Riders Warned!

Sidewalk bicycle riders were warned that youngsters apprehended riding on the sidewalks in the Lemon Grove business district would lose their bikes.

The Sheriff's department operating out of El Cajon said that the bikes would be stored in the Lemon Grove sheriff's substation until the parents of the bike riders came to claim the vehicles.

Deputies reported that two women have been knocked down by bike riders during the past ten days on Broadway sidewalks.

The bikes will be taken under provisions of the Calif. Vehicle Code 21050 making it a misdemeanor to ride bikes on business sidewalks.

A misdemeanor carries a penalty of as much as six months imprisonment and a fine of up to \$500.

GROVE FAMILY HOST

Sweet Swiss Girl Here In International Experiment

A tall, sweet and personable girl from Switzerland has arrived in Lemon Grove to spend a month with a family here. She joins the small group of foreigners who come as more than tourists and less than permanent citizens.

Pretty Heidi Keller, 19, is staying with Mrs. F. E. Davis, a second grade teacher at Casa de Oro Elementary school and her daughter, Judy Peirce, 16, who will be a Mt. Miguel High

School senior this fall. The home is at 2545 Crestline dr. in Lemon Grove.

Heidi arrived here Aug. 7 under the auspices of Experiment in International Living, an organization headquartered in Vermont and with which 30 nations are affiliated.

FREE TIME, DRESS
"Americans seem to have more free time and they have more freedom in their dress than in my country," Heidi said in an interview Friday. She finds Lemon Grove more spacious than the average Swiss town and says it contains many more private family dwellings per area than is common in Switzerland.

Since beginning her stay in this community, Heidi has spent a great deal of time with Judy, a song leader at Mt. Miguel. They've already become good friends and Judy took Heidi along with her to the student commissioner's meeting at Mt. Miguel lately.

Mrs. Davis said that they are very much enjoying the girl's visit and that the young Swiss lady fits right in wherever she goes.

Heidi is in a group of 11 young foreigners — 10 from Switzerland and one from Denmark — paying a visit to the San Diego area. The others are staying with families in other parts of the county. The Davis home was recommended to the Experiment in International Living organization by local friends associated with it.

The Keller family hosted a Chicago girl three years ago, Heidi said. That visit by an American, plus a six month stay in the Keller household of two English girls, plus three years of English study at school provided Heidi with a good command of the English language. She also speaks French, Italian and German, a language of which Swiss is a dialect.

FATHER A DISTRIBUTOR
Her father is an auto distributor and she plans to go to work for his firm after further schooling in England.

Heidi said that before departing from Switzerland her party was given instructions on how to act and what to do in America. Said Heidi: "We were told not to play the noble guest but to help in the household where we stayed."

That she has been following the instructions in international protocol is indicated by the fact that Judy has decided she wants to take part in the experiment in international living after high school, and visit what country?

Switzerland, of course!

INTERNATIONAL FRIENDS — Heidi Keller (left) poses with Judy Peirce of Lemon Grove after Heidi's arrival in Lemon Grove as an international guest of Judy and her mother. A native of Switzerland, Heidi will be here until just prior to the fall school semester.

Decision Reversed In Ace Theatre Suit

SAN DIEGO (CNS)—Trial of charges of Uptown Enterprise, Inc., operators of the Ace Drive-In Theater, Lemon Grove that it has been harassed by the county sheriff's department was ordered Friday by the Fourth District Court of Appeals.

The appellate court reversed the 1960 decision by Superior Court Judge Bonsall Noon that a trial on the charges would be an interference with the sheriff's responsibility for enforcement of the law.

Judge Noon's opinion was appealed, and in a decision

handed down Friday the appeals court held that the charges by the plaintiffs are facts that should be heard in court, if the plaintiffs can prove they are facts.

The theater company alleges that it has been subject to harassment by the sheriff's department. It charges that the officers are against the theater policy of playing "westerns" and so-called "horror" pictures, that they have tried to influence the firm's picture policy, that they also oppose the charge of \$1 for a car and all its occupants.

OFFICERS CALLED
Capt. Charles V. Fry, in charge of the criminal division for the sheriff's office, Monday declared that theater officials had first summoned officers to the drive-in because of a disturbance.

This is admitted by Uptown Enterprise, Inc., which states in its law suit that an appeal was made to the sheriff's office on Dec. 12, 1958, to help with a disturbance being created by one person. The theater company alleges that the sheriff's office sent two deputies, who called for six more, with the result that all patrons were ordered from the drive-in.

The suit further charges that on March 20, 1959, two deputies searched each automobile in the drive-in and stopped cars as they were entering or leaving the premises, making occupants get out so the cars could be searched.

ARRESTS NOT LIKED
The plaintiffs claim that arrests were made "without probable cause" and that the sheriff's department's activities created the impression that the drive-in had a bad reputation, that it was no longer in operation.

Quintin Whelan is the attorney for the plaintiffs, and Duane Carnes, deputy county counsel, represents the sheriff's department. Sam Russo is reportedly the principal owner of Uptown Enterprise, Inc.

Marksman Shoots Self

Philip Bruce Garris of 3173 Bancroft dr., Spring Valley, was a victim of his own marksmanship Saturday when a loaded and cocked revolver went off in a holster strapped to his leg.

He said he had driven to a non-residential section of La Presa to practice shooting and the gun went off accidentally when it caught on the holster strap.

Garris drove to a service station at Sweetwater and Jamacha and the station attendant called the sheriff's office.

New Try May Be 7-10 Years Away

The drive toward incorporation in Spring Valley has come to a standstill.

The Local Government League of Spring Valley, chief proponent of incorporation, is now exerting its efforts toward publicizing the incorporation feasibility survey recently made by the Public Affairs Institute of San Diego State College.

As petitioning for incorporation stops at least temporarily, anti-incorporationists believe that victory is theirs. Mrs. Jerome Bury, member of the Taxpayers Against Incorporation group, said Tuesday that from 7 to 10 years need to pass before Spring Valley should get serious about incorporation.

In a meeting at the office of this newspaper in Lemon Grove Tuesday, other strongly civic minded citizens of Spring Valley who have made names for themselves through their stands either for or against incorporation, made spontaneous comments and answered three questions.

The one o'clock meeting was the first time the pros and cons had met face to face for a group discussion. Each in turn responded to the following questions:

QUESTIONS ASKED

1. Is incorporation for Spring Valley dead?
2. What do you think of the recent survey?
3. What effect do you think the survey will have?

Although disagreement as usual characterized the answers of the two factions, all agreed they are for the betterment of Spring Valley, the community in which they live. They believe that the incorporation battle has been one of the most healthy things to happen in the history of Spring Valley.

The following people attended the meeting: Mrs. Bury, James Etherton and Mrs. Lloyd Brown, representing the anti; and Chet Smith, Rev. John Kerr and Carl Matthews representing the pros. Dr. Hayles Trent, one of the leaders of incorporation, is on vacation.

ANSWERS GIVEN

Here are the answers they gave to the above questions:

Brown: No, I don't think incorporation is dead. Someday

Dennis Hopper, L.G. Film Star, Weds
Dennis Lee Hopper, Lemon Grove's shiniest Hollywood star, was married earlier this month in New York to the daughter of Leland Hayward and the late Margaret Sullivan of Beverly Hills.

The ceremony was held at Christ's Methodist Church at Park ave. and 60th st., New York.

The bride was given in marriage by her father, Matron of honor was Mrs. Joanna Davis. Best man was James Costigan. Hopper is the son of Mr. and Mrs. Jay M. Hopper of 7220 Rosemary Ln., Lemon Grove.

Hegland To Be Toasted At S.D. Civic Dinner

George A. Scott has accepted the chairmanship of a recognition dinner honoring Sheridan Hegland for his 20 years of service to San Diego city and county. The event will be held October 11 in the new Convention Hall at the El Cortez hotel.

Civic leaders throughout the city and county are serving with Scott on the dinner committee and over 300 invitations will be sent to men and women in the area who have been associated with Hegland over the past years.

"BACK TO SCHOOL" TEA SET BY PTA

Monterey Heights PTA officers and chairmen will be honored at a "Back to School, Get Acquainted" tea on Thursday, August 24, from 2 to 3:30 p.m. Mrs. Farrell Patton, incoming president, will serve as hostess in her home at 1380 Taft, Lemon Grove.

Spring Valley will have to decide either to incorporate or annex. I am not sufficiently familiar with the survey to comment on it.

Bury: It will be a long time before Spring Valley is ready for incorporation. As for annexation, we won't get it unless we want it. Regarding the survey, I believe the figures were closer to what we had given than to those the League presented to the people prior to the survey. I respect the survey.

Etherton: Spring Valley isn't ready now and any future attempt at incorporation should be for a much bigger area, one encompassing Casa de Oro, La Presa and all of Spring Valley. In other words, the leading groups of these areas should think about banding together rather than remaining separate.

I like the idea of a rural community myself. I don't see anything wrong with it remaining such.

WON'T CHANGE THINGS

I think the survey is a good estimate of facts. But I don't think it will change people's thinking. The 70 per cent now against it will remain against it.

Smith: The issue of incorporation definitely isn't dead. Later La Presa has been showing an interest in it. The new zone change there leaves that community open for industrialization, and that is something that makes incorporation even more feasible than it is now.

If anything, we have waited 7 to 10 years too long to begin the move. We now have problems that wouldn't have developed had we incorporated years ago. I agree with Rev. Kerr on the survey part of the questioning.

Kerr: Incorporation remains a live possibility. And now is the period for continued discussion of the matter. I consider the survey to be unbiased, accurate and conducted in accordance with the best principles of public opinion measurement.

The survey factually points out the weaknesses and the strengths of Spring Valley.

TIME TO THINK

Matthews: The incorporation issue is now withdrawn and the time is here to examine the unbiased report of the Public Affairs Institute. As head of the fact-finding committee of the Local Government League, I devoted some 85 hours toward measuring public opinion and getting facts. They are very close to what the survey produced.

Both sides agree as to the validity of the survey, and, speaking neutrally, I'd like to point out that it has the effect of doing away with apathy regarding community welfare. I think a side effect of the survey has been to make people in outlying areas from Spring Valley identify with us.

No Power To Fire Miller Sups. Say

SAN DIEGO (CNS)—Support for Dr. Willis H. Miller, county planning director, was voted Tuesday by the County Board of Supervisors in connection with a request that he be forced to resign; then the Board qualified its action.

The demand for the resignation of the controversial planning director came from the Encinitas-Cardiff-Leucadia Multiple Listing Service, a real estate organization in the San Diego area.

Supervisor Robert C. Dent moved that the request be "filed," and the Board approved the motion and passed on to the next items on its docket. But Dent then said, "Let's back up. I think these people should know that the thing they request is not in our power."

Miller's job is in the hands of the County Planning Commission, and the Supervisors have no authority over his activities.

Should we go to war over Berlin?

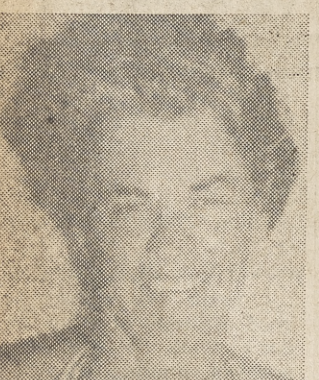

Lawrence Schamanski

Lawrence Schamanski, machinist at Convoir, 6230 Tooley st., San Diego 14.

"If we let Russia push us out of Berlin, they'll be wanting Alaska next. There's no other choice but to fight over Berlin because we've been pushed far enough. But I don't think Russia wants war.

"Khrushchev knows he can't depend on satellites, such as Poland and Hungary, in times of emergency and furthermore he knows the East Germans can't be depended on. He can really depend only on Russia. Yet war is probably an inevitability that must be faced."

Mrs. J. H. Grandfield

Mrs. J. H. Grandfield, housewife and clerk-typist for U. S. Navy at Miramar, 1912 Eldora st., Lemon Grove.

"We shouldn't push the panic-button over Berlin and, besides, I don't think Russia wants war any more than we do. But if the situation in Berlin becomes too strained, we will have to go to war.

"I believe, however, that Russia wants to beat us economically rather than on the battlefield. The fact that the Germans were our World War II enemies should of course be forgotten in our Berlin policy."

Steven Moskowitz

Steven Moskowitz, sales clerk at the Petite Shop in Lemon Grove (owned by his father) 5511 Adelaide ave., in San Diego.

"No. This would start a big war in which too many people would get killed. I think both the U.S. and the U.S.S.R. should pull out of Germany and leave the country alone.

"Both the U.S. and Russia would be making a huge mistake if they go to war over Berlin. Yet war seems all too close right now. It seems to me that the best thing for us to do is to align as many other countries — such as those in Latin America, Asia — as possible against Russia so that she would voluntarily become peaceful."

Rita Eads

Rita Eads, housewife, 3515 Glen dr., Spring Valley.

"No. I believe Germany should take care of itself and that we shouldn't go to war over two stubborn men—Kennedy and Khrushchev.

"Germany isn't important enough for either Russia or

Youthful Adults Steal Crime Scene This Week

It must have been a phase of the moon, or something, because late-teenagers became involved in many of the brushes with the law during the past week in the Lemon Grove-Spring Valley areas.

School, being just a whoop and a holler away, may sap off the energy of some of the miscreants to reduce some of the malicious mischief acts now appearing on the records of the local sheriff's office.

LATENT TEQUILA IS BOYS' TRAPPER

Two 17-year-old youths betrayed by the delayed action of tequila which they had been drinking, were released by the sheriff's office to the family with whom they had been staying during the absence of the boys' parents.

The sheriff's men traced the boys from tips following a complaint of four families in the Blossom Lane - Folkstone Lane area of S.V.

The complaint was that the boys created a disturbance and indulged in various acts of malicious mischief about noon August 17. The acts included the breaking of bottles in a nearby driveway, the wrecking of a split rail fence and other acts.

The boys attempted to feign sleep when the sheriff's men came the tequila betrayed them and they admitted to the drinking.

Named in the complaint were Michael Francis Singo, 17, 8137 Blossom Ln., and Thomas Harry Rieve, 17, 1655 Folkstone, both of S.V.

TWO-WEEKS NEED TO WRECK TRAILER

It took a group of juveniles about two weeks to wreck a trailer parked on Agua Dulce dr., Casa de Oro but they were successful according to Tony Peters, a San Diegan, who owns the trailer.

The interior was wrecked, the cabinets torn out, the windows broken, screen torn, roof vent wrecked, large holes punched through the exterior wall and the ice box torn out and wrecked.

Four small children were named as the culprits.

A slingshot in the hands of a 14 year old boy cost his parents \$100 last week. The boy lobbed a missile at the awning on the house of Williba J. Fletcher, 3170 Central ave., S.V. but struck the plate glass bay window instead.

The boy also admitted burglarizing the S.V. Inn at 8310 Troy st., S.V. and confessed to shoplifting from numerous S.V. stores. The boy's parents agreed to make restitution and he was referred to the County Probation Department from which he had previously been released.

RIFLE SHOOTERS REMANDED TO PARENTS

Three teenagers learned last week that you don't shoot a .22 rifle in Casa de Oro's residential section.

On a complaint by W. H. Rudolph, 9656 Campo road, Spring Valley, the sheriff's department tracked down the three youths, all 14 to 15 years old, who have been firing toward the Mayfair market from Kenora st. Rudolph said he watched the whole proceedings through binoculars, and identified them, including one youth who came out of the house nude.

The boys first denied, then admitted the shooting. The nude boy said he had done it on a dare. The lads were released to their parents.

HONEST CLERK RETURNS MAN'S WALLET

Alberta J. Turner of 837 Paraiso st., Spring Valley, an employee of the Sav-On drug store, turned over to the sheriff's department a man's billfold together with its contents. She found the material spread out on the seat of her car when she finished work Monday last week.

YOUTHFUL SPEEDER CAUGHT

At least one early-morning youthful speeder playing Lemon Grove streets will be under police scrutiny for a while to come.

David Edwin Birge, 17, of 4043 Casita Way, S.D. was apprehended at 3:30 a.m. Saturday after racing another youth on Massachusetts st., at a high rate of speed. The other speeder eluded the sheriff's unit but Birge made a U-turn at Broadway and was blocked by the officers.

He was released to the care of his parents, both of whom work.

200 CARS ENTERED

Winner Of Model Contest Announced

More than 200 model cars were entered in the recently ended semi-annual model car customizing contest at Calder's Toy Town and Hobbies of 7923 Broadway in Lemon Grove.

Winners were announced as follows:
Senior division—Mike Bryan, John O'Toole and Ed Lesh.
Junior division — Mickie Yeakle, Rickie Tenbrock and James Reilly.

Each of the winners received a trophy from the store. Craydon Calder, store manager, said the store has been holding the contests for three years and that entries are getting better and better. He said that creativity was given primary consideration in the judging.

ORIGINALITY AWARDED
"In the old days," he said, "the boys usually just made the models as they came in kits, and their workmanship was judged. Our winners this time," he explained, "devoted up to 175 hours on their entries and showed originality and taste in their craftsmanship."

Calder pointed out that what a boy fashions into his model car, almost as a dream, he later sometimes puts in an actual-size car. Calder said that the automobile manufacturers plan new cars each year by working with models of the construction of which is very similar to ones the boys make.

One boy who has won Calder contests in the past and who didn't stop experimenting with modeling, has landed a job with the Revell Company, one of the major model kit manufacturers in the nation. The boy is 20-year-old Jim Keeler, a former Lemon Grove resident who has developed a new plastic for modeling. (See adjoining story).

Some adults have complained recently, Calder continued, that the kids nowadays don't have to show ingenuity in making models of cars and other things. In the old days, these adults complain, the kids had to model things out of blocks of balsa wood or they couldn't make anything.

Calder said that to some extent this has been true. Now children can buy a kit and do nothing but follow directions in putting it together.

KIT SAVES TIME

But the trend, he pointed out, is for a kid to purchase a kit but use it only as a basis from which to work. The winners of the contest altered the kit models, building up different parts of the car with clay and plastic to create brandnew body styles, Calder said.

He added that the kits save boys endless hours of merely basic work that the old balsa wood carvers would have had to put in, and that these hours that are saved can be used for the more creative aspects of modeling.

VITAMINS**

"Vitamin deficiency" has become a kind of catch phrase. Yet it relates to health, the province of your physician.

Should you suspect that you need vitamins, consult your doctor. Let him decide what vitamins, if any, are required.

How much more sensible a procedure than to succumb impetuously to nonprofessional ballyhoo for all-purpose, bargain vitamins.

Rely on your physician's advice. When he writes a prescription, we are prepared to fill it promptly.

Model Car Enthusiast Turns Hobby Into Job

A local youth who got so fascinated with model car building that he just couldn't stop, recently saw his dream come true. Jim Keeler, 20, formerly of Lemon Grove and now of La Mesa, is going to work for one of the largest model car firms in the country.

Not everyone can turn a home shop hobby into a full-time occupation. But only last week Jim heard the word for which he'd waited from Revell, Inc., and is to develop new models for the company.

"That's the company that turned out the model of the polaris submarine," Jim explained. "A high-ranking military official said the model was perfect to the point of revealing classified information to the enemy."

Jim hopes to turn out equally perfect models but ones which won't give away secret information.

INVENTS PLASTIC
In pursuing his hobby, Jim has invented a new plastic designed for use of model car builders. Called "Plasti Custom," the substance has a good chance of becoming popular because it can be used over the surface of regular soft modeling clay. The latter is best for allowing the model car designer to achieve exactly what he wants, Jim said. But there's been nothing on the market with which to make a hard paintable surface on this clay, he said.

Jim's Plasti Custom is a compound of various materials already on the market.

ready on the market. Anyone purchasing some of it would get one container of liquid and one of whitish powder. Then he would mix them together as he worked.

WRITES ARTICLES
In connection with his model car building and plastic experimentation, Jim has furthered his name in the field by writing how-to-do-it articles for Car Craft Magazine and Rod and Custom. Also he has put on model car shows with the assistance of some of his sidekicks, one of whom is fellow modeler Paul Robinson of San Diego, a student at S.D. City College.

Jim has been living with his parents at 6738 Rolando Knolls in La Mesa but soon will move to Los Angeles to undertake his new job. His older brother is an engineer with Convair and his father, a superintendent for communications for an airline.

As an ultimate goal in his career, Jim wants to work with General Motors or the Ford Motor Company as a model stylist.

Can The Communist Party Save Us?

The Communist Party, USA, sent an "open letter" to its members and to the American people the other day. The party waited that the June 5 ruling of the Supreme Court on two anti-communist cases have "placed in mortal danger OUR Constitutional rights, OUR security and OUR welfare." The decisions were based on the 1950 McCarran Act and the 1940 Smith Act.
"For the first time in American history," the party moans, "voluntary associations are made subject to licensing by the federal government and activity on behalf of a legal political party is to be treated as a crime."
So this is why the Communist Party, USA says MY rights are being imperiled!

The Party says that under the new interpretation the Communist Party USA is ordered to register as an "action organization." This means, it says, that it may be listed as an agent of a foreign power promoting a conspiracy based on espionage, sabotage, terrorism and other heinous crimes. As such it is required to list publicly its officers and members.

Further, persons described as "active" Communists can be jailed on testimony it was their "intent" to bring about the forcible overthrow of the government.

We would like to lift our voice in dissent against such fears. We simply feel no fear that we are not being deprived of our rights by the Court's decision. We would willingly report to any agency so demanding it, the names of the organizations to which we belong, the officers of organizations, and the truthful purpose of these organizations. Our Constitutional rights, our welfare and our security are not being imperiled. . . unless, of course, we are subscribing to a group dedicated to the overthrow of our government.

The letter further assures us that the Communist Party, USA, will defend its rights (and presumably ours) to its legal existence under the U.S. Constitution and the Bill of Rights (both of which would be rescinded under communism as a legitimate current in American political life.)
To all these offers of protection we say "no, thanks." We would as soon depend on the Communist Party USA defending our Constitutional freedoms as we would entrust our carrot patch to a rabbit.

News and Views from Spring Valley

Land Needed Here For Recreation Program

Quite a bit of interest has been shown lately regarding a possible youth center or boy's club here in Our Valley. The main barrier we must hurdle is land. Who will come out and donate (or sell at a reasonable price) several acres not too far out of the way? Someone must have to know of such a parcel of ground.

A good recreation program is believed by many to be one way of helping to curb our youth problem. Won't you lend a hand?

SV Jehovah's Witnesses Going To Big Meeting

The Spring Valley-La Mesa congregation of Jehovah's Witnesses expects to be well represented at the coming six-day district assembly in San Francisco's Candlestick Park, Aug. 23 - Sept. 3, according to Edgar A. Flinn, presiding minister of the local group.

Flinn pointed out that in harmony with the assembly theme "United Worshipers," spiritual unity among Christians would be emphasized. "Such unity is the building to one's faith in a split-up world," he declared.

With delegates coming from 18 states and nine foreign countries, the San Francisco meeting will be one of the largest ever held by the Witnesses in the west coast, Flinn said. Attendance is expected to reach a peak of 50,000.

In discussing the effect on the family circle, Flinn explained that parents and children alike will benefit from the program consisting of Bible talks, demonstrations and discussions. "Children will not be left at home nor shunted aside for separate attention. Parents will serve as day-long instructors to teach and train the youth. This will greatly aid in strengthening the family unit," Flinn concluded.

Speakers from the Watchtower Society's world headquarters in New York as well as circuit and district ministers from western states will appear in the program.

The convention climax will be reached at 3 p.m. Sunday Sept. 3 when N. H. Khorpeaks on the important subject, "When All Nations Unite Under God's Kingdom."

Rosebuds Holding Swim; Newlyweds To Be Honored

The Rosebuds of the First Baptist Church of Spring Valley will meet Thursday of this week from 10:30 a.m. to 2:30 p.m. for a swim party. All planning to attend should meet at the church at the early time and bring a lunch.

There will be a wedding shower on Friday at 7:30 p.m. in the church to honor newlyweds Mr. and Mrs. (Danny and Virginia) Schultz.

"No Graven Images" will be Rev. Roland Taylor's text for the 8 and 11 a.m. Sunday services. This will be the second in a series on the "Ten Commandments." In the evening he will be speaking on the subject, "Your Sin Will Find You Out."

DA Don Keller To Be Speaker At LG Methodist

District attorney Don Keller will be guest speaker at the Lemon Grove Methodist Church on Sun., Aug. 27 at both the 8:30 and 11 a.m. services. His sermon will be "Keystone of Greatness."

Mr. Keller is preaching in the absence of Dr. Jordan Detzer, who is traveling in the Holy Land.

Mr. Keller has been district attorney since 1947. Members of the Council of Churches were instrumental and very active in his election. He is now serving his second year as president of the Council of Churches, and is very active in all civic affairs according to a church spokesman.

Church Ready With 'Gay 90's' Social

St. Philip's Episcopal Church's "Gay 90's" ice cream social is Friday, from 6 until 9 p.m. The affair is open to the public and will be held at the church located at Palm and Hardy drive in Lemon Grove. The price of admission is 50 cents for adults and 25 cents for children under 12.

A band known as "The Naturals" will provide music and songs of the gay 90's will be sung. A variety of desserts will be served, including ice cream sundaes, cake, cup cakes, punch and coffee. Tickets may be purchased at the function Aug. 25.

Science Church Lesson To Be 'Christ Jesus'

"Christ Jesus" is the subject of the Lesson-Sermon on Sunday in all Christian Science churches. The Golden Text is from I John (4:9), "In this was manifested the love of God toward us, because that God sent his only begotten Son into the world, that we might live through him."

The mission of the Master in fulfilling his life-purpose is exemplified in this verse from Matthew (9:35), "And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing every sickness and every disease among the people."

GOD'S MINUTE

REV. H. C. BAKKEN
"LIFE"

Spiritual life does not end with physical death. Jesus told the dying thief on the cross, "Today shalt thou be with me in Paradise." The life which God deposits in our souls here when we receive Christ as our Savior continues right on into heaven at our death.
